The vision...

To hold a national gathering of all those
involved with Project Reconnect and all
those who would like to be.

This will be a tremendous opportunity to
bring all these people together (for the first
time) to share each other’s experiences and
stories, to meet the people behind the scenes
and to offer feedback to the PR team and to
the presenters. You can learn new ways to
utilise PR as well as help make this resource
even better!!

The aim...

The conference will give opportunity for:

- Feedback to PR team to enable growth and development
- Gaining and sharing of ideas and skills between users, team and partners to better utilise PR
- Assisting users to have a more worthwhile understanding, teaching and exposure to the theology of their worship experience
- Sharing of ideas to develop the overall life of their church and individual faith journeys
- Promoting a sense of community and belonging among PR users, especially those in isolated and remote areas
- Providing feedback and interaction between users and presenters to help them better understand their audience

Who is invited?

Everyone! Well, nearly everyone. In particular, at least 2 people attend from each of the current PR user congregations. Also invited are past users, those considering PR, our partners who assist with contributions and filming, as well as ministry agents who are in situations where PR can be utilised.

We have enough funds to subsidise approximately 50 user congregations’ one way car travel. Each congregation may claim for one vehicle. If you are travelling by other means, please contact us so we can help. We aim to enable as many people as possible to benefit from this conference.

Times...

Registration will commence at 11:30am on Friday 28th May followed by lunch. The conference will finish with lunch on Sunday 30th May.
